CORRIGENDUM

EXAMINATION RESULTS OF NCWEB STUDENTS

Due to the breach of security of Samarth Portal by a clerical staff of the College, the uploaded marks on the portal of the Dec-Jan, 2023-24 examination of NCWEB were tampered with, as a result of which the students have received ER in most of their exam papers. Appropriate disciplinary action has been taken against the perpetrator. The inconvenience caused to the students is deeply regretted. The matter has been discussed with the University authorities who have assured that the results will be declared at the earliest. The students are therefore requested to cooperate with College staff for the smooth release of the results.
