Issues discussed with Mentor Wards

Jan-May 2020

1.Dr.Mani A Nandhi

Issues discussed with Mentor wards:

- 1.Concerns about future opportunities for studies, other than Commerce and management courses. So helped them to understand the diverse fields in online advertising, content writing, digital marketing, and various skill based or professional courses that are available both in IGNOU and reputed private institutions.
2. Concerns about job opportunities for those who are unable to get placed through in-house placement cell. Explained how they should upscale their job market skills through add on courses before applying for jobs.
3. Attendance related issues – especially for those who were active in various societies. Explained the necessity for academic attendance and about how ECA is a fair system of facilitating their participation.
4. Lack of reading habits especially newspapers because of distractions of social media and mobile phone. Advised self discipline and to introduce a habit of reading up, even if it's a newspaper App on their smartphones.
5. Desire for independence versus family pressures to comply with family expectations especially on choice of friends, partying out beyond a particular time and their addiction to smart phones or video games or binge watching.

2. Dr. Rekha Dayal

1. Provided guidance to students regarding career options.
2. Solved problems of students regarding OBE examinations, online classes (connectivity issues) etc.
3. Provided counselling for mental & Psychological support.
4. Guided students in stress related issues caused due to additional burden of household chores.
5. Helped them in problems with respect to their families as more time was being spent at home.

3. Ms. Kiran Sachdeva

Report: Mentor Ward Sessions (January – April 2020)

The mentees met their teacher ward regularly.

There were several problems shared by the students during the lockdown period.

1. Outstation students did not carry their books and their notebooks thinking that they would be back within a week and had a tough time studying during the lockdown period.

However, all support was extended to them through recorded classes and notes.

2. Since online studying was new to the students, they were finding it difficult to understand the lectures initially and a lot of effort was involved in making them understand through repeated phone calls particularly in practical papers.

The issue was resolved by sharing important questions and their solutions

3. The sports students had missed classes up to 5th March and were affected the most with because they were not familiar with the topics covered earlier.

They were given extra time to come up to their class level.

4. Uncertainty of having the final year exams.

Students concerns were alleviated by sharing communication received from the University from time to time

Some student's parents were affected by the disease and were worried. Fortunately, they recovered. They were also stressed due to staying indoors continuously.

Some students were happy for being able to spend good time with their family.

All efforts were made to help the students understand that they would not be held back due to shortage of attendance.

Report on Issues discussed and Resolved in the Jan- June Semester 2020.

The issues discussed with 29 mentees in my group ranged from personal to academic.

We can divide the session into two Jan to March (off line classes) and March – May (Online Classes).

The issues raised in the beginning of the year and concerns were regarding result of exams, their delay .Attendance remains a major concern with the students and plays a stress factor as marks are attached to it. I tried to allay their fears specially for girls participating in extra curricular activities by saying to talk to the teachers about their concern and guiding them.

Another problem has been winning posts in the various societies, the competition is intense and the trauma if you don't win is enormous. To allay their fears counselling is done on a one to one basis. For this purpose Department Societies have been encouraged.

Online classes have been a great cause for mental stress ranging from connectivity, ownership , space, time issues.

Internships being lost because of the Pandemic and not able to join courses abroad were other causes. All the issues have been resolved with counselling, guidance and examples.

6.Dr. Reena Marwah

Report : Mentor Ward Sessions(January – April 2020)

The mentees (26) met their teacher ward regularly as is reflected in the attendance.

They had several questions and concerns during each of the mentor ward sessions. During the months of February and March 2020, there were queries and concerns about the completion of the courses as there had been some disruption of classes as a result of the teachers strike and the riots in Delhi. Students expressed concerns related to their safety in commuting long distances.

The classes were suspended in mid-March due to the pandemic. During the months of March and April, students' concerns were about the efficacy of online classes and completion of courses. For some students, connectivity was an issue. Major concerns raised pertained to attendance requirements, medical leave, as well as the exam date sheet. Some students were also affected due to Covid-19 patients in their families.

Continuous engagement with students was possible through phone and what's app messaging. All efforts were made to allay students fears about the Open Book exams and the marking system that would be adopted.

Dr. Reena Marwah

7.Dr. Vibha Mathur

Counseling Sessions

The students interacted and held discussions on various issues during the counseling sessions with the teacher. Some of the common issues concerning them related to their future. They sought guidance on the right course to choose from among various options available to them. They were counseled to choose an option which they were good at and also had a keen interest in. They were advised not to panic and decide in haste. A majority of them were anxious about their career and future.

The students also expressed their apprehensions about the open book examination as they had never appeared for one. But they were advised to look at the positive side of it as they would be safe in their homes and yet able to write the exam. They were asked to welcome a new change especially during such testing times and cooperate with the authorities.

The students were very anxious during the lock down and the covid 19 outbreak. They feared about their families getting infected. Infact, some complained of sleeplessness due to it. They were advised to remain very cautious by maintaining social distancing, not going out unless absolutely necessary and wear a mask if travelling. To ease the tension , they were advised to practice meditation

and yoga daily and develop a positive attitude towards life. The girls were counseled to follow a balanced daily routine eg, sleep early, wake up early and eat healthy food. Home cooked and healthy food was advised during covid times to remain safe.

The counseling sessions proved fruitful as the students were able to discuss their problems and seek guidance to resolve them.

Dr. Vibha Mathur
Department of Commerce

8. Dr. Gurmeet Bakshi

- 1.Guided the students about various career opportunities.
- 2.Gave LORs to the students, particularly those who were interested in pursuing finance in their Masters from foreign universities.
- 3.Students had problem in attending online classes as it was new for them. They were helped during the lockdown period in this regard.

9. Dr. Ameeta Motwani

Brief report of the issues raised and resolved

Being new to college, students of First Years (particularly in first semester) face issues of adjusting to college life which is very different from school. Some students needed help with the following:

- Choosing a college society as per their interest and talents
- Getting accepted in college societies of their choice
- Learning the importance of self-study in college
- Learning to organise time so that they can cope with various demands on their time including academic work, extra-curricular and department activities, extension activities in the college and their personal and family needs etc.

- Career planning
- Finding good PG accommodation in case of an outstation student
- Extra help to students who joined late and therefore missed earlier classes

10.Dr. Renu Gupta

Mentor-Mentee report:

- 1.How to prepare for online exams
- 2.Discussed the concept of OBE exams, the kind of questions that can be asked
- 3.Discussed different anxiety issues regarding lockdown and how it impacts the students
- 4.How to appear for online job interview
- 5.How best utilize time during pandemic. Discussed at length various online free resources that are available.
- 6.Sharing own experiences and other stories to make students feel comfortable and set the platform

11.Ms. Lissy Jose

Topics discussed with the students:

1. Difficulties faced & its solutions regarding their Practical and Theory subjects were discussed in detail to the satisfaction of every student.
2. Methods to score good marks like summary notes for each chapter, reference of previous years question papers, etc were discussed and explained well to the students.
3. Covid-19 its impacts on studies were discussed and students were guided to cope up with online classes

4. Some of the students faced Covid problems in the family, they were consoled and encouraged by giving tips.
5. Different aspects related to higher studies were discussed in detail
6. Career opportunities and placements & how to face to interviews

12. Dr. Nishwan Bhatia

Issues raised and resolved during counselling of Students

Students were counseled regarding their future goals and in understanding what career they should be choosing depending on where they see themselves in the future in terms of both academics as well as extra- curriculars. Certain family concerns raised by the students were also dealt with. College related issues with regard to infrastructure etc. were discussed and students were advised to take up these issues with the student President of the College and also bring it to the knowledge of the Principal.

The students were guided towards planning their Time-Tables and Daily Schedules allowing them to go step by step and take one thing at a time and be focused. In order to handle stress and allow better focus students were also advised to practice meditation, yoga and mindfulness.

Students were guided with regard to the importance of internships and workshops in shaping up and adding value to their professional as well as personal growth.

13. Ms. Monica Chhabra

Brief Mentoring Report

- Helped students to cope up with both **academic and personal problems**.
- Personal counselling was given to academically weak first year B.Com Prog. students.
- Discussed their **exam results** and also suggested ways to improve their performance.
- Motivated and helped students to cope up with **practical subjects** like Mathematics which required extra practice.
- Few mentees even raised issue regarding the discomfort they faced with one male faculty. The matter was further reported to the Teacher In-charge and the Internal Complaints Committee (ICC) of the college.
 - **Action Taken:** The Teacher In-charge took it up with the Principal and forwarded it to ICC. The Internal Complaints Committee reacted upon the matter and took necessary action. This matter was resolved in the GB meeting and services of that faculty were terminated.
- Asked mentees to do a **Personal SWOT Analysis** and discussed how they can work upon their weaknesses and overcome them.
- Helped **outstation students** to handle the stress and other issues faced during COVID-19 lockdown. Even guided a student facing financial problem to back go to her hometown as the lockdown was to be extended and classes to continue online.
- Guided students on the **Open Book Examination** and preparations for the same.
- Also suggested students to pursue **online courses** and to learn **new skills** during lockdown in order to effectively utilize this period and also remain occupied.
- Recommended the students to take up **Online internships** as it would boost their CVs.
- Advised the mentees to even help their **family members** in household work and take care of their grandparents during these abnormal times.
